	08/8/16	Summer semester – Class registration for Semester 1	Reserve		Summer semester or off	Summer semester or off	Summer semester or off	Summer semester or off	Summer semester or off	<p>Semester Every schoolyear has two main semesters (semester 1 and 2) and probably a summer semester. Except for semesters of first-year students, every semester is divided into two periods, so-called periods 1A and 1B for semester 1, and periods 2A and 2B for semester 2. Each period lasts for 8 learning weeks and 1-3 exam weeks. Each module can be organized in periods A, B or the whole semester. For the 8-week period, midterm tests are to be held in weeks 4-5, and final tests in weeks 9-10 of the same period. For modules that prolong the whole semester (16 weeks), midterm tests are to be held in week 9, and final tests in weeks 18-20 of that semester. The main semester of first-year students has 15 weeks.</p> <p>Module registration Students need to register for intended next-semester modules in weeks 5-6 of the current semester by going to the Students' Information section at www.hust.edu.vn. Based on the number of registrations, the University will organize classes upon students' request. After that, students need to register for suitable classes. Time for registration can be found in the Key timeline column. Students who register for next-semester modules will be prioritized to register first. Those who have not registered will have to do it later in the registration adjustment time. - First-year students do not have to register for classes in semesters 1 and 2. Registration adjustment is applied to semester 2 only. - From the second year, students have to</p>
